Introduction

It is said that a true love relationship is an "investment for life"; however, how do you know if a current or potential relationship is a good one or not?

A simple way to rate compatibility with a partner is with ancient Chinese astrology.

How to do it

- 1) Find the Chinese birth signs for you and your lover by using "*Part 1 - What is Your Sign?*"

The individual's birth year is used to identify one of twelve Chinese signs; and the birth list ranges from 1900 to 2040.

- 2) Locate the square where "*His*" and "*Her*" signs intersect in "*Part 2 - The Sign Grid*".
- 3) Interpretation - Where the signs meet, you will find a number, and a rating in brackets. Look up the number in "*Part 3 - Interpretation*" to get the details of compatibility.

The Rating in brackets is interpreted as follows:

- (A) - A compatible relationship with a bright future.
- (B) - A relationship that needs adjustment or effort to make it work.
- (C) - A less compatible relationship, or one with a less easy future.

Good loving...

Part 1 - What Is Your Sign?

The year of your birth determines which animal sign represents you.

Find the signs for you and your lover from the list below.

Be aware that the Chinese year does not start on the same calendar date; so be careful to select the correct sign when your birthday occurs in January or February.
