 Where are you? *Egypt, between pyramids, stepped pyramids.*
 What is the purpose of Pyramids? *More than graves.*
 Is this linked to Atlantis? *Yes, the generation of spirit power.*
 What do you do? *I'm a builder of pyramids, I plan where they are to be built, also the plan of the pyramid.*
 Can they be build anywhere? *No, they must be built at a specific location.*
 Why? *If they are not in the right place, they will not work.*
 What are they used for? *To concentrate power to a single point.*
 Where does power come from? *Solar Power, but not light, Life-force energy. The Pyramids gather the energy, and concentrate the energy. Once completed, the energy will be focused to one point.*
 How many Pyramids are needed? *Four, they store energy, the energy is drawn out of the ground (ley-lines).*
 What will the energy be used for? *They will bring back the dead.*
 Who are 'they'? *Wise-men, Not Pharaohs. They use the Pharaoh.*

 Can the Pyramids be used as a weapon? *Yes.*
 How are the Pyramids controlled? *Through thought-form. But the pyramids are built physically.*

 How were they made? *Sandstone blocks, built upon the "seventy-seven' (77) or the "seven point seven' (7.7).*
 Were there any Smooth Sides? *Yes, first stepped, then covered. Type of sealant. Triangles to fit into the step. Bottom of Triangle is different from the other three surfaces.*
 Was there a Cap-Stone at top? *Yes, different, lighter colour, marble. White marble.*
 Metal? *Could be.*

 What was the crystal made of? *Diamond.*
 Quartz? *Could be.*
 Shape? *Eight sides, double terminated.*
 How big? *Larger than my head.*
 What was the Pyramid angle with the ground? *forty-five degrees, or seventy degrees.*
 How was the rod positioned? *Vacuum, and the rod was surrounded by the sandstone blocks.*
 What is your Name? *'Z' something.*
 Were you initiated? *Yes, occult, life-death-life cycles.*
 Were there human Sacrifices? *Yes.*
 Were you involved with human sacrifices? *No, the priests were, and they were at a higher level.*
 Describe this past life. *Spent whole life building pyramids, and died before they were finished. Priests seemed to be older. Priests were together in a scam. They stuck together. They were deliberately there, Their cycle was complete. They had a strong grouping of purpose. They are not using me. I wanted the pyramids to be completed. I believed in what they said.*
 Was the Genesis factor linked to pyramids? *Yes.*

Did you bring knowledge? *In a way, yes.*

Why did the Pyramids need to be built in a particular place? *They used the power of the earth, ley-lines.*

How did you locate the ley-lines? *I just held a crystal in my hands, about the size of an egg, the same as the power rod crystal.*

Were there many events in this life? *No, just work.*

How old were you when you died? *Forty, I was young.*

How did you die? *Natural causes, I became sick and died.*

How did they cut the stone? *Not sure, made before building. Manufactured like the baking of clay, but it is sandstone.*

Where there quarries nearby? *Yes.*

Were there labourers? *Slaves from the conquered nations.*

Jews? *Yes.*

Did you do anything else? *No, just pyramids.*

Was the project finished? *Don't know. it didn't work. Could have been the wrong position, or not enough pyramids, or their (the priest's time) time ran out. I lived a normal life and died, They kept on staying.*

Did the priest's knowledge die out with them? *They form a half-circle. One or two left, and the work stopped.*

Any of them on Earth today (1994)? *Yes, they are not together, they are spread out, but are aware of each other. Not like they were then, but stronger.*

Are they Second Cohort? *Yes, bluish violet aura, long robes, dark, black.*

Describe their bodies. *Old, long life, not human. They always wanted to go up.*

Where did they want to go? *Just wanted to get back to the Home World. They wanted to play it safe and get back to the Home World.*

Where are they on the Earth? *Their structures and churches are everywhere. Where people are 'following', they are there.*

Are they still up to their scams? *Yes, they could be working at the poles, or the desert, or everywhere.*

New Zealand? *Yes, don't know why.*

Australia? *Could be in the outback.*

What is Iridium? *A reddish metal.*

Is the Pyramid of Cheops of a typical size? *Yes.*

Are there any of your pyramids around today? *Yes, River Nile, Sphinx is near.*

What is your purpose? *Hoping to go back to the source, to the good.*

Have we lost something along the way? *Yes.*

What? *Connection between our world and 'up'. The projection door is missing.*

Have we found it? *No.*

Is it present? *Yes, it's within us.*

Are we ready to use it in late Twentieth Century? *No.*

When will we be ready? *In the future sometime.*

So, do we need to reincarnate? *Yes.*

Who are Second Cohort? *Christians, Jews, Islam, everything.*

Who are First Cohort? *Single individuals (as in the sense of not in groups).*

Is there a last message for us. *Second Cohort are now widespread, and are causing major opposition. Only in the future will there be no opposition.*

Post Regression memory: *There was no sealant; they painted something on the outside of the pyramid. The stone was cut then painted on the outside. The capstone was marble. Only I and they were on the same level. I knew it wouldn't work, so I left and died. I wasn't sure what was going on, something wrong, so I left.*

Did you sabotage it? *No, I wanted to use it myself.*

End of session.
