*Never attribute to conspiracy that which can be explained by greed and incompetence; but never assume that the greedy and incompetent, through stupidity or wilful ignorance, are not unknowingly part of a deeper conspiracy. (Unknown)*

### Quotes

*There have been people, ever since I've had any kind of position in the world... who have accused me of being ruler of the world. I have to say that I think for the large part, I would have to decide to describe them as crack pots. It makes no sense whatsoever, and isn't true, and won't be true, and to raise it as a serious issue seems to me to be irresponsible. (David Rockefeller)*

--()--

*For more than a century, ideological extremists at either end of the political spectrum have seized upon well-publicized incidents such as my encounter with (Fidel) Castro to attack the Rockefeller family for the inordinate influence they claim we wield over American political and economic institutions. Some even believe we are part of a secret cabal working against the best interests of the United States, characterizing my family and me as 'internationalists' and of conspiring with others around the world to build a more integrated global political and economic structure... one world, if you will. If that is the charge, I stand guilty, and I am proud of it. (David Rockefeller)*

--()--

*If the Council on Foreign Relations (CFR) raises the hackles of the conspiracy theorists, the Bilderberg meetings must induce apocalyptic visions of omnipotent international bankers plotting with unscrupulous government officials to impose cunning schemes on an ignorant and unsuspecting world. (David Rockefeller)*

--()--

Populists believe in conspiracies, and one of the most enduring is that a secret group of international bankers and capitalists, and their minions, control the world's economy. Because of my name and prominence as the head of the Chase for many years, I have earned the distinction of the "conspirator in chief" from these people. (David Rockefeller)
