## **Lifting the Veil**

### **The Key of Atlantis**

The most significant contribution that the o.e.v has made is its custodianship, *from the time from the time before*, of the key of Atlantis.

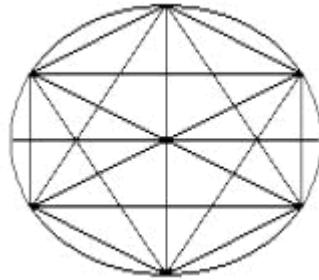

Following the destruction of Atlantis, the key was hidden; however, there was a prophecy/promise that one day it would be revealed again:

*And no longer is the key to be hidden,  
but is to be placed into the light wherein all who have eyes will see.*

*And those who will see will understand,  
and those who will understand will remember  
the things of the former times.*

And the oev was a custodian of the key, until that time.

### **Erecting the Key of Atlantis**

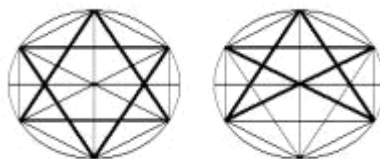

For the Key of Atlantis to be able to "unlock" anything, it first must be correctly "erected". The erection of the key of Atlantis is revealed in "The Fragments and The Shards", which form the foundation of all o.e.v teaching and initiation.

### **22 Paths**

The Key of Atlantis describes twenty-two paths that link the individual from the inception of their being to their final unified actualisation.

### **The Five- and Six-Pointed Stars**

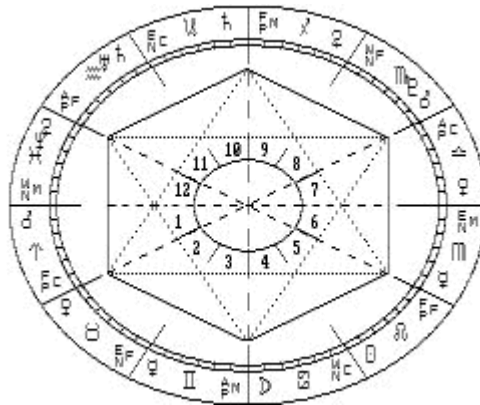

*When the five-pointed-star that is 'man',  
joins with the six-pointed-star of 'that which can be',  
and all exists within the 'six-sided circle of reality',  
then the key is complete,  
and the 'portal opens'.*

*Within the key lie the twenty-two paths,  
and that which is, now grows by that which is not,  
and secret and purpose are fulfilled.  
The Sphinx presides upon the key,  
and judgement determines the way.*

## Heavenly Confirmation

It is in the heavens where the key of Atlantis was first immutably cast, and it is there that the individual must seek the answers of his existence.

The erected key opens the "portal", and through the projection of consciousness, the individual has unlimited access to all things.

## Something to Ponder

### The Twenty-Two Paths

Within the Key of Atlantis are noted twenty-two paths. These represent the twenty-two symbols (the major arcana of the white tarot) or paths, which reveal, to the seeker of esoteric understanding, the principles and discipline that leads to self-actualisation.

The unlearned man embarks upon the journey of sensation.  
This is education.  
(The Neophyte)

The competent man uses the four dominions, chance, and dreams.  
This is application.  
(The Jongleur)

The spiritual woman sees through the veil.  
This is intuition.

The queenly woman rules with compassion and fruitfulness.  
This is fertility.

The kingly man rules with power and dominion.  
This is authority.

The spiritual man bestows secret and purpose.  
This is knowledge.  
(The Spiritus)

Choice, expression, and creativity are the great experiences.  
This is love and joining.

The princely man triumphs over all that lies before him.  
This is conquest.

The woman of legality sits in judgement.  
This is law.

The wise man illuminates, teaches, and heals.  
This is illumination.  
(The Hermit)

The sphinx watches over the evolution of man.  
These are the cycles of expansion.

The forceful woman overcomes all things.  
This is self-determined strength.

The thinking man, brings forth fruit.  
This is mentality.

Birth, life, and death are the natural cycles of the universe.  
This is transformation.

The compassionate woman sees, balances, and restores.  
This is healing.

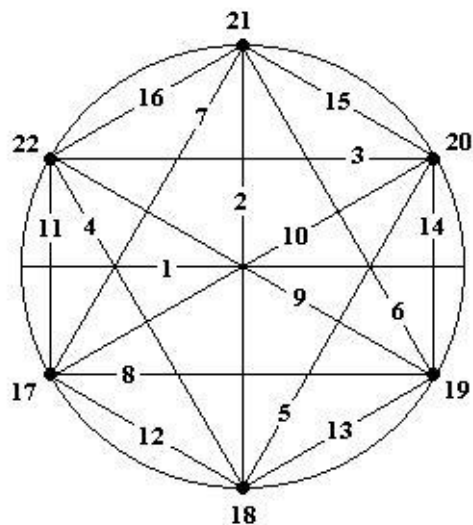

The power of restraint binds freedom.  
This is restriction.

Forces in opposition create chaos.  
This is conflict.

The star child is one with the universe.  
This is Universal Life Force Energy and the hope of life.

That which is perceived, is not that which is there.  
This is illusion.

## The 22 Paths

**Path Symbol Number = Path Number minus 1**  
(e.g. Path Symbol Number for Path 22 = 21)

That which is perceived, is that which is there.  
This is reality.

They who are of understanding, choose their own path.  
This is self-determined choice.

Through the unification of the dominions, secret and purpose is fulfilled in consciousness.  
(Veritas)  
This is existence in completion.
